

Organizational affiliation ensures high quality imaging services

Olympic Radiology Associates PS and Medical Imaging Consultants PLLC announce the affiliation of their physician practices. The combined company will be known as Olympic Medical Imaging Consultants PLLC. This affiliation sets the stage for future expanded access to sub-specialty expertise.

The affiliation is structured to be operationally transparent to referring clinicians. Olympic Radiology and Advanced Medical Imaging will operate separately, without change to physician or operational staff. Advanced Medical Imaging continues to be the physician/hospital joint venture. These physician-led organizations are focused on the highest quality and cost effective care, offering comprehensive advanced imaging services.

Drs. Bell, Brown and Rohlfing provide professional physician services, image interpretation and clinical consultation at Olympic Radiology. Imaging services include high field MRI, CT, ultrasound, fluoroscopy, nuclear medicine, PET/CT and interventional procedures.

For more information, please contact us at (360) 479-6555.
